# Frankincense Intense™ Lift visibly lifts & recontours

Target the loss of firmness, elasticity and definition that are the second signs of ageing with our award-winning and certified organic Frankincense Intense™ Lift collection.

Formulated with our Frankincense Active Phyto Complex, which helps to protect against environmental factors that accelerate skin ageing, the collection also helps you to relax as you inhale the therapeutic frankincense aroma while applying.

“I absolutely love this product... my eye area is so much brighter and my wrinkles are less noticeable.”
